32nd
Meeting of

the European Society of
**PAEDIATRIC
CLINICAL
RESEARCH**

24-25 May 2024
Opatija, Croatia

**SAVE
THE DATE**

Dear colleagues and friends,

We are pleased to welcome you to the 32nd Meeting of the European Society of Paediatric Clinical Research (ESPCR) that will be held in Opatija, Croatia, May 24-25, 2024.

The successful 31st ESPCR Meeting in Budapest confirmed that we need to connect now more than ever. Our two-day meeting will once again bring together young paediatricians, researchers and leaders in the field from all over Europe, and provide a lively platform for the dissemination of our knowledge and views in paediatrics without borders.

Faithful to our tradition, conference participation is free of charge and reflects our commitment to free and timely knowledge sharing. The scientific programme consists of state-of-the-art lectures, oral and poster presentations on issues of interest for paediatrics, and a workshop on pharmacogenomics in the era of next-generation sequencing.

It is our great pleasure to welcome you in a creative and engaging setting at the beautiful city of Opatija. We are sure that this event will bring the fantastic opportunity to strengthen old friendships and make new connections in our strong community.

We are actively searching for companies to sponsor these efforts and help us to organize this highscientific niveau meeting on 24-25 May 2024 for the upcoming pediatricians of the Central European region and enhance scientific connections among these countries and universities with a long history of scientific traditions.

On behalf of the Organising Committee,

Dr Jelena Roganović
